## Education

---

### Pimpri Chinchwad College of Engineering (PCCOE)

2022 – 2026

*B.Tech in Computer Engineering*

*Pune, India*

– CGPA: 6.73 / 10

### Lord Buddha Secondary School

2020 – 2022

*High School (Science Stream)*

*Biratnagar, Morang, Nepal*

– GPA: 3.05 / 4

### Bajrang Educational Academy

2018

*Secondary Education (10th Grade)*

*Siraha, Nepal*

– GPA: 3.6 / 4

## Relevant Coursework

---

- Computer Networks
- DBMS
- Software Engineering
- Operating Systems
- Cyber Security
- Cloud Computing

## Projects

---

### License Plate Detection System

- Developed a system to detect vehicle license plates from images and video streams.
- Used image preprocessing, edge detection, and contour detection techniques.

### Ticket Booking System (C++)

- Built a console-based bus ticket booking system using object-oriented programming.
- Implemented seat allocation, fare calculation, and booking confirmation.

## Technical Skills

---

**Languages:** C, C++, SQL

**Networking:** TCP/IP, DNS, DHCP, LAN/WAN, Basic Troubleshooting

**Tools:** VS Code, GitHub, Wireshark

**Databases:** MySQL

**Operating Systems:** Windows, Linux (Basics)

## Certifications and Activities

---

- Completed **Ethical Hacking (Elite)** certification from NPTEL.
- Enrolled in **Cyber Security Analyst** course on Udemy.
- Participated in **Sherlock 2.0**.
- Attended a workshop on **Computer Networking**.
- Volunteered at the **Treasure Hunt** event organized by ISC Club, PCCOE.
